EDUCATION

Graduated with a High School diploma in the US with a GPA of 3.9 out of 4.0

Completed a semester at DePaul University in Chicago, Illinois with a GPA of 4.0 out of 4.0

Currently studying Computer Science and Statistics at the University of Auckland with a GPA of 8.0 out of 9.0

CERTIFICATIONS

Private Security Licensing Certificate of Approval:
Allows me to work as a crowd controller, personal guard, and property guard in New Zealand

Host Responsibility Certificate of Achievement: Allows me to work in environments where the sale of liquor is taking place in New Zealand

PROFILE

I'm a 6'2" international student from Ann Arbor, Michigan, United States, looking for part-time work as I study Computer Science and Statistics at the University of Auckland. Since 2021 I've been employed in various settings such as restaurants, construction sites, youth coaching, and mobile contracting. I'm eager to earn money while attending school and am willing to work hard. I tend to get along well with coworkers and I particularly enjoy work environments that allow me to keep active and interact with customers.

I hold a Student Visa that allows up to 20 hours of work a week

SKILLS

Computer Science

I have experience writing code in Java, Python, C++, HTML, CSS, and R, and have completed advanced undergraduate courses in applied algorithms, data structures, object-oriented programming, and computer systems.

Statistics

I've completed advanced undergraduate courses on multivariate analysis, statistical modeling, probability, and data driven decision making.

Customer Service

Developed from a number of jobs heavily reliant on customer interaction, I'm confident in my ability to engage with people in a variety of settings in a positive and professional manner.

EXPERIENCE

Cocktail Bartender

Venue: The French Cafe

210 Symonds St, Eden Terrace, Auckland, 1010, New Zealand

Dates Employed: October 2025 – Present

As solo bartender at a two hat fine dining restaurant, my role has an emphasis on quality over anything else. I arrive well dressed and visually presentable before a briefing about the service to come. I'm then responsible for making cocktails and other beverages for the restaurant while greeting guests as they come in the door. Additionally, my responsibilities include monitoring what ingredients need to be reordered or remade and keeping the bar clean as it is the first thing seen by guests as they enter the restaurant.

Cocktail Bartender

Venue: Kemuri Hi-Fi

1 Queen St, Auckland CBD, Auckland, 1010, New Zealand

Dates Employed: August 2025 – Present

I'm required to have extensive knowledge about the origins and production of a wide variety of alcohols and over one hundred classic cocktails. I put this into practice along with the techniques needed to produce drinks that customers will enjoy. Each shift involves organization, cleanliness, and teamwork under pressure as we work to deliver a high volume of drinks at a very high quality.

Private Security

Company: Absolute Security Group
220 Queen St Level 1, Auckland CBD, Auckland, 1023, New Zealand

Dates Employed: August 2024 – November 2025

I maintained a safe and secure environment at busy downtown bars by monitoring entrances, checking IDs, and enforcing age and conduct policies. I controlled crowd flow, de-escalate conflicts, and removed unruly patrons to ensure a positive atmosphere. It was necessary for me to respond quickly to incidents, including fights and intoxicated individuals. I also provided customer service by assisting patrons, answering questions, and maintaining a welcoming yet controlled environment.

Youth Coach Regional Consultant

Company: SportsX

Dates Employed: January 2025 – June 2025

Four to five days a week I would drive to elementary schools around Auckland to run afterschool sports training programs. I would either be alone or with one other coach and would be responsible for up to 20 children at a time. I was tasked with teaching basic basketball, football, and rugby skills while managing the difficulties inherent in working with young children. Soon after starting I was promoted to regional consultant which involved doing writeups after each session about how it went and what could be improved. I was employed as a contractor which also entailed sending invoices to the company each week for the work I did.

Busser/Runner/Barback

Restaurant: Black Pearl
302 S Main St, Ann Arbor, MI 48104, United States

Dates Employed: August 2022 – January 2025

As a busser/runner/barback at a high-end seafood restaurant and martini bar, I cleared and set tables, delivered food, and worked as the middleman between bartenders, wait staff, and the kitchen to communicate issues and help the restaurant run smoothly. I also fulfilled customer requests and completed any other miscellaneous tasks that needed to be done to facilitate service.

Construction Worker

Company: Prestige Builders Inc.

Ypsilanti, MI 48197, United States

Dates Employed: December 2023 – February 2024

Each day we started just before sunrise and worked through the Michigan winter weather to build the inner frames of large private houses as well as additions to existing homes. I measured, cut, and assembled wooden beams into all elements of the house from the foundation up. The use of a variety of heavy machinery required me to take safety measures and use caution at all times while on site. The position also required me to work as a team with my coworkers and follow instructions closely as I learned on the job.

Mobile Bladesmith

Company: The Roaming Stone

915 Miner St, Ann Arbor, MI 48103, United States

Dates Employed: August 2022 – January 2025

I worked as a mobile independent contractor, bringing my equipment to customers' homes to sharpen and repair knives and other tools after they booked an appointment online. This was a remote business, so it was up to me to complete appointments from booking to payment. This involved time management, interacting with customers, producing blades that were sharp and well formed, and processing sales.

Basketball Coach

School: Greenhills School Ann Arbor

850 Greenhills Dr, Ann Arbor, MI 48105, United States

Dates Employed: November 2021 – March 2023

As coach I developed game strategies, organized practices, and fostered player development both on and off the court. I focused on training programs to enhance individual skills and team performance while promoting sportsmanship and discipline. Through analyzing game footage and adjusting tactics, I worked to maximize competitive success. It was also crucial for me to consistently communicate with parents and staff in order to facilitate a successful season. Coordinated scheduling, managing equipment, and ensuring compliance with league regulations was necessary to create a well-structured and productive basketball program.

Busser/Runner/Barback

Restaurant: The Session Room –

3685 Jackson Rd, Ann Arbor, MI 48103, United States

Dates Employed: November 2021 – September 2022

My job was to deliver food and drinks to tables, keep the restaurant clean during service, and communicate between the kitchen, servers, and bartenders. I also had a "catch-all" position regarding any small tasks that needed to be done such as filling ice, cleaning spills or broken dishes, and restocking materials in many parts of the restaurant.
